**ASPIRATIONAL DISTRICTS PROGRAMME**

CHAMPIONSOFCCHANGE.GOV.IN

## About Aspirational Districts Programme

The Aspirational Districts Programme was launched in January 2018 with the aim of expeditiously improving the socio-economic status of 112 districts through cooperative and competitive federalism. Driven primarily by the States, this initiative focuses on the strengths of each district and prioritizes the attainable outcomes for immediate improvement.

The programme tracks 81 data-points across six themes with direct bearing on the quality of life and economic productivity of citizens. The themes and their weights are as follows.

HEALTH &  
NUTRITION

30%

EDUCATION

30%

AGRICULTURE &  
WATER RESOURCES

20%

FINANCIAL  
INCLUSION

5%

SKILL DEVELOPMENT

5%

BASIC INFRASTRUCTURE

10%

The real-time monitoring dashboard can be accessed at  
<http://championsofchange.gov.in>

## Insights from Household Survey

NITI Aayog's knowledge partners TATA Trusts and BMGF (IDInsight) carried out household surveys in all Aspirational Districts during the month of June 2018 covering more than 1,00,000 households. These surveys were used to validate 20 self-reported data-points & estimate 9 further data-points for which district-level data is not readily available at regular intervals.

The indicators estimated through the household survey are as follows:

### Health

- Percentage of stunted children under 6 years
- Percentage of breast-feeding children receiving adequate diet (6 -23 months)

### Education

- Learning outcomes - Average performance of Class 3, 5 & 8 students in Mathematics and Language
- Female Literacy

Through the Aspirational Districts Programme, districts will receive timely data on the above indicators to evaluate, improve and expand their developmental projects. A few observations from the household survey follow

## Learning Outcomes

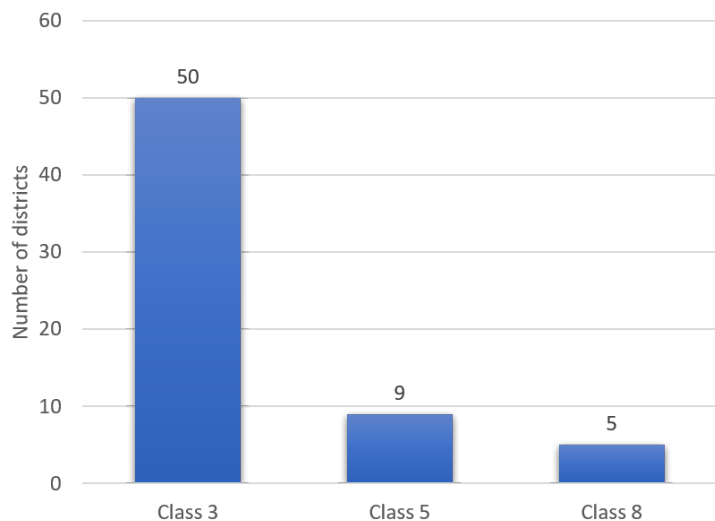

Students in several districts improved their average marks in both Mathematics & Language compared to National Achievement Survey 2017

Number of districts with performance improvement - Language

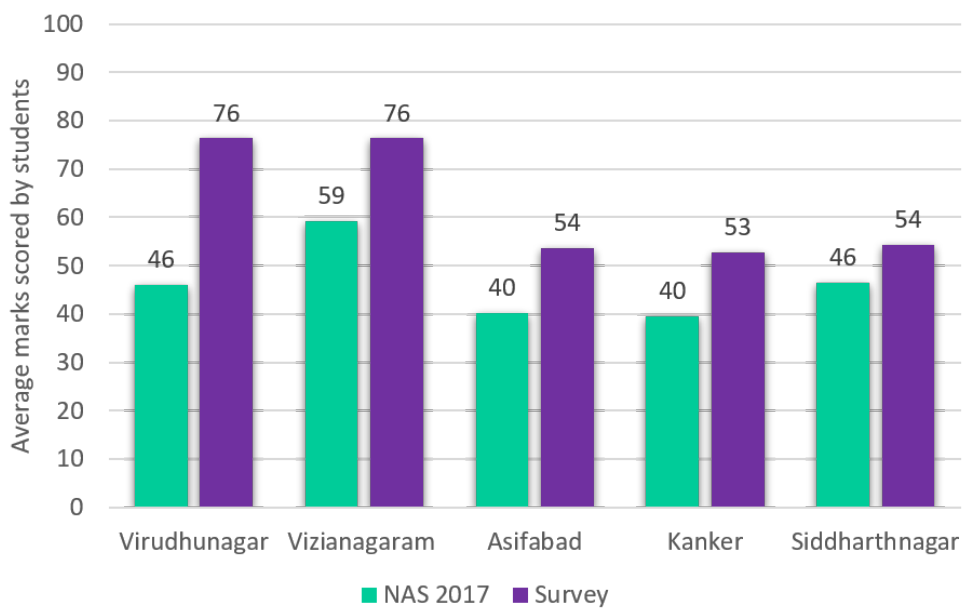

Average marks scored by students in Class 3 has seen significant improvement, indicating rising standards of elementary education

Number of Districts with performance improvement - Mathematics

## Learning Outcomes - Most Improved Districts

### Improvement in average mathematics score across Class 3, 5, 8

### Improvement in average language score across Class 3, 5, 8

## Percentage of stunted children under 5 yrs

*Addressing malnutrition is a priority for the Government. Below are the districts which have reduced the incidence of stunting compared to NFHS-4 (2015-16) estimates.*

### Assam

BAKSA, BARPETA, DARRANG,  
DHUBRI, GOALPARA

### Jharkhand

GARHWA, HAZARIBAGH  
PASCHIMI SINGHBHUM  
SAHIBGANJ

### Bihar

BEGUSARAI, KATI HAR,  
SITAMARHI

### Chhattisgarh

DANTEWADA  
MAHASAMUND, SUKMA

### Rajasthan

BARAN, DHOLPUR

### Karnataka

YADGIR

### Haryana

MEWAT

### Madhya Pradesh

BARWANI

### Odisha

RAYAGADA

### Maharashtra

NANDURBAR

### Sikkim

WEST DISTRICT

### Meghalaya

RIBHOI

## Delta Ranking

The programme ranks districts based on the improvement achieved month-on-month through the Champions of Change dashboard. Districts enter data for the previous month by the 20th of the next month, after which the dashboard automatically updates ranking based on the entered data.

This ranking incorporates feedback from NITI Aayog's knowledge partners TATA Trusts and BMGF (IDInsight), and broadly reflects improvement made by districts between June & October 2018. The methodology is briefly explained below.

### Methodology

As the first ranking that incorporates inputs from the household survey, the total number of indicators can be classified into three

- \* Indicators exclusively estimated through household survey
- \* Indicators reported by districts & central ministries
- \* Indicators reported by districts & validated by knowledge partners

Delta Scores are calculated for each category of indicators (D1, D2, & D3 respectively) and the final score is a function of the delta scores and a correction factor, CF.

$$\text{Final Delta Score} = F_n (D1, D2, D3, CF)$$

*P.S. Wayanad (Kerala) is not part of this ranking as household survey data was unavailable*

## Most & Least Improved Districts - Overall

*Based on the described methodology, the following are the districts which have shown the most & least improvement*

**1** **Virudhunagar**  
Tamil Nadu

**Kiphire** **107**  
Nagaland

**2** **Nuapada**  
Odisha

**Giridih** **108**  
Jharkhand

**3** **Siddharthnagar**  
Uttar Pradesh

**Chatra** **109**  
Jharkhand

**4** **Aurangabad**  
Bihar

**Hailakandi** **110**  
Assam

**5** **Koraput**  
Odisha

**Pakur** **111**  
Jharkhand

## Fast Movers - Delta Ranking

### June & October 2018

*Below are the districts which have significantly increased the pace of their improvement since the previous delta ranking*

**JUNE**

**OCTOBER**

**108**

**Kupwara**  
Jammu & Kashmir

**7**

**106**

**Ranchi**  
Jharkhand

**10**

**101**

**Siddharthnagar**  
Uttar Pradesh

**3**

**99**

**Jamui**  
Bihar

**9**

**82**

**Fatehpur**  
Uttar Pradesh

**25**

## Most & Least Improved Districts - Themes

*Based on the described methodology, the following are the districts which have shown the most & least improvement in Health & Nutrition*

### Health & Nutrition

<b>1</b> <b>Chitrakoot</b> Uttar Pradesh	<b>Purbi Singhbhum</b> Jharkhand	<b>107</b>
<b>2</b> <b>Barwani</b> Madhya Pradesh	<b>Godda</b> Jharkhand	<b>108</b>
<b>3</b> <b>Vidisha</b> Madhya Pradesh	<b>Hazaribagh</b> Jharkhand	<b>109</b>
<b>4</b> <b>Raichur</b> Karnataka	<b>Pakur</b> Jharkhand	<b>110</b>
<b>5</b> <b>Balrampur</b> Uttar Pradesh	<b>Chatra</b> Jharkhand	<b>111</b>

## Most & Least Improved Districts - Themes

*Based on the described methodology, the following are the districts which have shown the most & least improvement in Education*

### Education

**1** **Virudhunagar**  
Tamil Nadu

**Sukma** **107**  
Chhattisgarh

**2** **Nuapada**  
Odisha

**Hailakandi** **108**  
Assam

**3** **Gumla**  
Jharkhand

**Malkangiri** **109**  
Odisha

**4** **Siddharthnagar**  
Uttar Pradesh

**Yadgir** **110**  
Karnataka

**5** **Vizianagaram**  
Andhra Pradesh

**Pakur** **111**  
Jharkhand

## Most & Least Improved Districts - Themes

*Based on the described methodology, the following are the districts which have shown the most & least improvement in Agriculture & Water Resources*

### Agriculture & Water Resources

**1** **Sitamarhi**  
Bihar

**Dhubri** **107**  
Assam

**2** **Gajapati**  
Odisha

**Chatra** **108**  
Jharkhand

**3** **Dhalai**  
Tripura

**Begusarai** **109**  
Bihar

**4** **Chandauli**  
Uttar Pradesh

**Hailakandi** **110**  
Assam

**5** **Fatehpur**  
Uttar Pradesh

**Giridih** **111**  
Jharkhand

## Most & Least Improved Districts - Themes

*Based on the described methodology, the following are the districts which have shown the most & least improvement in Financial Inclusion*

### Financial Inclusion

<b>1</b> <b>Kupwara</b> Jammu & Kashmir	<b>Dantewada</b> Chhattisgarh	<b>107</b>
<b>2</b> <b>Baramula</b> Jammu & Kashmir	<b>Kondagaon</b> Chhattisgarh	<b>108</b>
<b>3</b> <b>Raichur</b> Karnataka	<b>Namsai</b> Arunachal	<b>109</b>
<b>4</b> <b>Yadgir</b> Karnataka	<b>Asifabad</b> Telangana	<b>110</b>
<b>5</b> <b>Mamit</b> Mizoram	<b>Chandel</b> Manipur	<b>111</b>

## Most & Least Improved Districts - Themes

*Based on the described methodology, the following are the districts which have shown the most & least improvement in Skill Development*

### Skill Development

**1** **Raichur**  
Karnataka

**Purbi Singhbhum** **107**  
Jharkhand

**2** **Ramgarh**  
Jharkhand

**Ribhoi** **108**  
Meghalaya

**3** **Dantewada**  
Chhattisgarh

**Guna** **109**  
Madhya Pradesh

**4** **Rayagada**  
Odisha

**Kupwara** **110**  
Jammu & Kashmir

**5** **Baramula**  
Jammu & Kashmir

**Khammam** **111**  
Telangana

## Most & Least Improved Districts - Themes

*Based on the described methodology, the following are the districts which have shown the most & least improvement in Basic Infrastructure*

### Basic Infrastructure

**1** **Virudhunagar**  
Tamil Nadu

**Kiphire** **107**  
Nagaland

**2** **Nuapada**  
Odisha

**Giridih** **108**  
Jharkhand

**3** **Siddharthnagar**  
Uttar Pradesh

**Chatra** **109**  
Jharkhand

**4** **Aurangabad**  
Bihar

**Hailakandi** **110**  
Assam

**5** **Koraput**  
Odisha

**Pakur** **111**  
Jharkhand

# Detailed Ranking Methodology

## Methodology - Second Delta Ranking of Aspirational Districts

NITI Aayog

December 2018

**Second Delta Ranking** This ranking will incorporate inputs from the household survey conducted the partner agencies, TATA Trusts & IDInsight. The methodology is detailed in this document.

**Data** For this ranking, the following data has been used.

- Indicators estimated by survey agencies through household surveys in June 2018, & their corresponding baseline values as entered by the districts on the Champions of Change Dashboard. (9)
- Self-reported (non-validated) indicators in June & Oct with either monthly or quarterly frequency (38)
- Self-reported (validated) indicator in June & Oct with either monthly or quarterly frequency. (20)
- Point-estimates, upper & lower confidence interval of 20 survey-validated indicators provided by survey agencies. (20)

**Calculating Delta Score** The methodology adopted is detailed below:

- Each indicator for each time-period is scaled to get the scaled value  $s_{ijk}$  - i (indicator); j (survey only, self-reported (non-validated), or self-reported (validated)); k (time-period)

**For positive indicator**

$$s = \frac{x - \min}{\max - \min}$$

## Detailed Ranking Methodology

For negative indicator

$$s = \frac{\text{max} - x}{\text{max} - \text{min}}$$

- We then calculate the weighted sum of the scaled values for  $j=1,2,3$  &  $k=1,2$  to get  $ws_{jk}$

$$ws_{jk} = \sum_i w_{jk} \times s_{jk}$$

- Calculate  $\lambda$ , the correction factor

$$\lambda = \frac{\text{no of self-reported values within confidence interval}}{\text{no of validated indicators}}$$

- For each time period, we calculate the composite score based on the following formula. For e.g., for time period 1 we use

$$cs_1 = \frac{ws_{11} + ws_{21} + (ws_{31} \times \lambda)}{w_1 + w_2 + w_3}$$

- Once we have  $cs_1$  &  $cs_2$ , the calculation of delta score is straightforward ( $\alpha$  has been explained later in the document)

$$\Delta = cs_2 - cs_1 + \alpha$$

**Half-yearly baseline ranking** Along with the delta ranking, we also calculate a half-yearly baseline ranking using all the 81 data-points with the latest available data. The same methodology as explained above is followed for data as on 31<sup>st</sup> October 2018.

$$cs_{oct} = \frac{ws_1 + ws_2 + (ws_3 \times \lambda)}{w_1 + w_2 + w_3}$$

**Baseline** The score arranged in descending order gives us the baseline ranking

**Use of Survey Validated Data** For 20 data-points self-reported by the districts, we have survey estimates provided by the agencies. The following methodology is used for replacement of self-reported values with survey estimates.

- If the self-reported value falls within the confidence interval, **do not replace self-reported value**

## Appendix

# Detailed Ranking Methodology

- If the self-reported value is greater than the upper confidence interval, **replace with the upper confidence interval**
- If the self-reported value is lower than the lower confidence interval, **replace with the lower confidence interval**

**Things to note** Kindly note the following

- Treatment of missing values: If a district has not entered value for a particular indicator in the month of October 2018, we took September 2018 value, so on and so forth.
- Treatment of values above 100%: Consider all values above 100% as 100%.
- Treatment of districts maintaining 100% (saturated districts): For districts maintaining 100% in both the time-periods (June and October 2018), an additional score  $\alpha$  has been added to the delta score.  $\alpha$  is the average improvement recorded by unsaturated districts in indicators under 'Basic Infrastructure'.

**List of Indicators:** The list of indicators under each category are listed below.

- Indicators estimated through survey
  - Health: 8.1, 10.1
  - Education: 3.1, 3.2, 3.3, 3.4, 3.5, 3.6, 4
- Self-Reported (non-validated indicators)
  - Health: 3.1, 3.2, 4.1, 5, 11, 12.1, 12.2, 13.5, 13.6
  - Education: 7, 8
  - Agriculture: 1.1, 3.1, 4, 10
  - Financial Inclusion & Skill Development: All
  - Basic Infrastructure: All
- Survey Validated indicators
  - Health: 1.2, 1.3, 2, 4.2, 6.1, 6.2, 6.3, 7, 9.1, 9.2, 13.1, 13.2, 13.3, 13.4, 13.7
  - Education: 2, 5, 6
  - Agriculture: 8, 9
